- SiriusXM service requires a subscription, sold separately, after 3-month trial included with vehicle purchase. If you decide to continue your SiriusXM service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call Sirius XM at 1-866-635-2349 to cancel. See our Customer Agreement for complete terms at www.siriusxm.com. Programming subject to change. Sirius satellite service is available only to those at least 18 and older in the 48 contiguous USA, D.C., and PR (with coverage limitations). Traffic information not available in all markets. See siriusxm.com/traffic for details. Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio Inc.

⚠ WARNING

- Driving while distracted can result in a loss of vehicle control that may lead to an accident, severe personal injury, and death. The driver's primary responsibility is in the safe and legal operation of a vehicle, and use of any handheld devices, other equipment, or vehicle systems which take the driver's eyes, attention and focus away from the safe operation of a vehicle or which are not permissible by law should never be used during operation of the vehicle."

- Infinity is a trademark of Harman International Industries, Inc.
- At launch, the Apple iPhone® will be the only UVO eServices compatible device. iPhone® is a registered trademark of Apple Inc. Apple iOS6 compatibility expected early 2013. Additional compatible devices expected late 2013.
- App Store is a service mark of Apple Inc. No charge for the UVO eServices app. App runs on your smartphone cellular data service. Normal data rates will apply.
- HD Radio™ and the HD Radio™ logo are proprietary trademarks of iBiquity Digital Corporation.
- 24-hour Roadside Assistance is a service plan provided by Kia Motors America, Inc. Certain limitations apply. Coverage details are available in the Kia Warranty and Consumer Information Manual. For access to Enhanced Roadside Assistance, a connected mobile phone via Bluetooth within the cellular service coverage area is required.
- Vehicle Diagnostics do not take the place of regularly scheduled maintenance. Feature checks powertrain, chassis, and airbag systems only. For factory-recommended maintenance schedule, see the Maintenance Feature of UVO eServices or the Owner's Manual.
- 911 Connect activates after an airbag deployment. Feature requires a connected mobile phone via Bluetooth. Dependant on cellular service coverage.
- The rear-camera display is not a substitute for proper and safe backing-up procedures. The rear-camera display may not display every object behind the vehicle. Always drive safely and use caution when backing up.

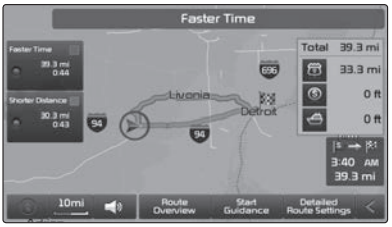
- To conduct a destination search through the desired search method, select the desired destination from the list. (For more information on destination search methods, refer to the 'Destination Search' section.)
- After verifying the location of the searched destination, press the Set as Destination button to calculate the route. The Route Overview or Alternative Route screen will be the displayed.
- Within the Route Overview or Alternative Route screen, press the MAP VOICE key or the Start Guidance button to start route guidance.



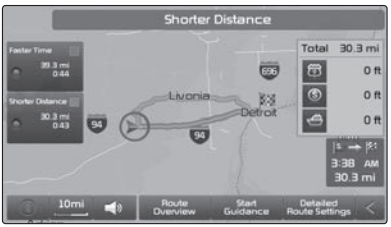
(Alternative Route)

(Route Overview)

One Touch Scroll Setting

The destination can be set to the current map display.

- While in the map screen, touching a position on the map will move the map to the center of the selected position and display the scroll mark.
- Press the Menu button to set the selected position as a waypoint or destination.



Route Calculation

- Once you have set a destination, calculate the route. The route overview and route option menus will be displayed.
- After checking the Route Overview, press the MAP VOICE key or the Start Guidance button or just drive for over 3 mph or for approximately 5 seconds to start guidance.

Demo

After a route has been calculated, press the Demo button to begin simulated driving of the calculated route.

- Within the Route Overview screen, press the Demo button.
- During Demo, press the MAP VOICE key to end the demo and display the current map position. If you start driving while viewing the route demo, demo will end and route guidance will start.

Add Waypoint

After searching for waypoints, press the Add Waypoint button to add the waypoint to the current route.

Route Recalculation

Once a route has been set, the **Recalculate** button is displayed at the top of the menus.

Pressing the **Recalculate** button will display a pop-up that allows you to change route options. Once the settings are changed, the route is recalculated by reflecting the changes.

Cancel Route

In the Map menu screen, press the **Cancel Route** button.

Route Guidance

Preliminary guidance, highway mode, turn list guidance, and other guidance screens are displayed according to the current road condition.

Within the guidance map screen, if the current position is on route, then intersection guidance will be provided once you are nearby an intersection.

Also, the intersection zoom screen is displayed when nearby an intersection.

Preliminary Guidance Mode

At the top right side of the screen, the next/ after next turn info, remaining distance, direction, and other information are displayed.

Intersection Zoom Mode

This mode provides detailed guidance nearby intersections before the next turn.

This mode is displayed starting from 300m before the intersection.

Highway Mode

Upon entering a highway during route guidance, the highway mode will automatically be displayed. This mode is displayed when driving on a highway and mainly displays highway related POIs.

You can check information for various POIs by using the View All , Summary , and Rest Area buttons.

When scrolling through POIs by using the ▼ , ▲ buttons, pressing the ◉ button will select the POI closest to the current position.

Name	Description
1 View All	Guidance for all POIs on the highway
2 Summary	Shows list of turn points and other directional route guidance while driving within highway
3 Rest Area	Guidance for only the rest areas on the highway

Turn List Mode

Turn List Mode shows turn information on the current route.

Route Menu

Press the ROUTE key to use, edit, or optimize various route options.

Cancel Route

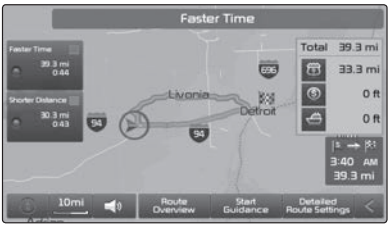
Press the ROUTE key ▶ Press Cancel Route .

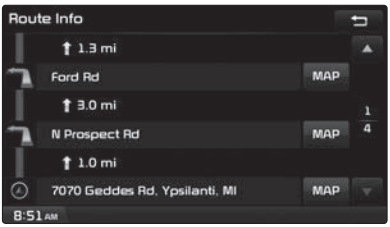
Route Overview

Press the ROUTE key ▶ Press Route Overview .

Within the Route Overview screen, press the Alternative Route button to display other potential routes to the set destination.

From the alternative route options, select the desired route.





Route Info

Press the ROUTE key ▶ Press Route Info .

The turn points and distance information by key roads within the set route are played. Press the MAP button next to each road name to display the map position for the corresponding location.

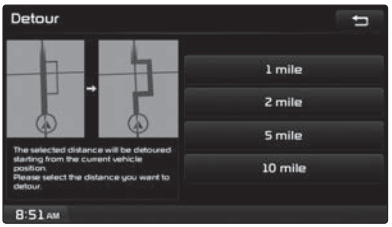
Route Option

Press the ROUTE key ▶ Press Route Option ▶ Set and press Done . Route Options refer to conditions used to calculate the route to the destination. The route is automatically recalculated if the route options and detailed route settings are changed.

Detour

Press the ROUTE key ▶ Press Detour .

The Detour menu is used to redefine the route by setting a detour to a certain distance from the current position.



Avoid Streets

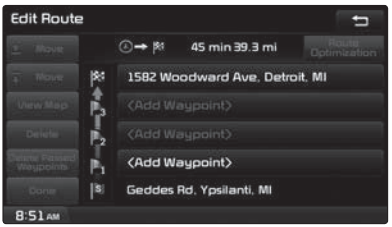
Press the ROUTE key ▶ Press Avoid Streets ▶ Select the streets you want to avoid and press Done .

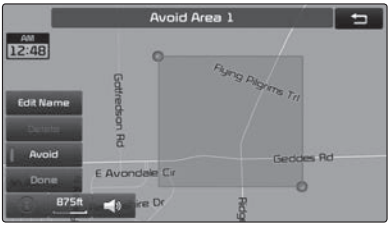
This feature is used to select specific streets to avoid within the current route. Select Avoid to avoid the particular streets in the route overview that are desired to be avoided.

Edit Route

Press the ROUTE key ▶ Press Edit Route ▶Set and press Done .

The Edit Route menu displays the start point, waypoints, and the destination in list format and is used to edit corresponding positions or the order of destinations within the route.





Avoid Area

Press the ROUTE key ▶Press Avoid Area ▶ Set and press Done .

This feature is used by creating a rectangle over the area to avoid.

An area set as an avoid area is excluded from the calculated route. If a route had been calculated prior to creating an avoid area, the route will automatically be recalculated.

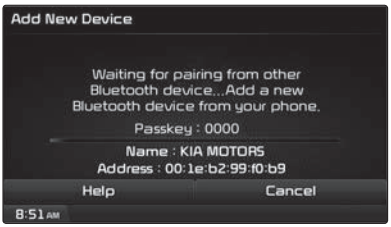
The screen will prompt to select the first corner of the square of the avoid area, followed by the second corner.

Using Bluetooth® Handsfree

Pairing from the Bluetooth® Device

Press the key on the steering wheel or press the PHONE ▶ Press Yes .
In the Search from Device screen ▶ Search for the car name and pair the device ▶ Enter the Passkey ▶ Bluetooth® becomes connected.

- When searching from the Bluetooth® device, the car name is KIA MOTORS and the default pass-key is '0000', then press Ok.
- To learn more about searching from Bluetooth® devices and pairing, refer to the user's manual for your Bluetooth® device.
- The Bluetooth® Audio screen is displayed once audio streaming is available.



NOTICE

- This process may take a few minutes. Radio may play during the wait.
- Some phones (i.e., iPhone, Android and Blackberry phones) may offer an option to allow acceptance of all future Bluetooth® connection requests by default.
- Phonebook transfer will occur automatically at initial pairing. Wait until complete before placing a call.
- Visit www.Kia.com/us/bluetooth for additional information on pairing your Bluetooth® enabled mobile phone, and to view a phone compatibility list.

Making/Answering Calls

Calling by Dialing a Number

Enter number on the dial pad ▶ Press the Send or the key on the steering wheel.

If you press the Send button without entering a number, the Call History screen is displayed. Press and hold the dial pad 0 + (over 0.8 seconds) to enter a "+".

Name	Description
1 Send	Calls the entered phone number
2 End	Deletes all entered numbers

Answering a Call

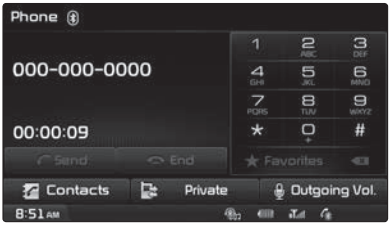
Incoming call notice ▶ Press the Accept button or the key on the steering wheel.

Operating Menus during a Call

Switching Call to Bluetooth® Phone

During handsfree call ▶ Press the Private button or press and hold the key (over 0.8 seconds) on the steering wheel.

The call will be switched from the handsfree to the Bluetooth® mobile phone.



Switching Call to the Handsfree

During call on mobile phone ▶ Press the Use Handsfree button or press and hold the key (over 0.8 seconds) on the steering wheel.

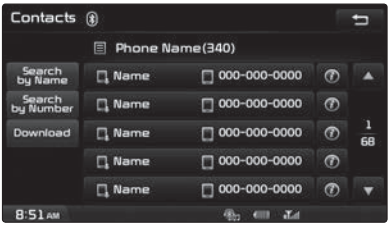
The call will be switched from the Bluetooth® mobile phone to the handsfree.

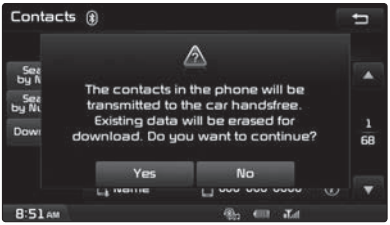
Ending a Call

While on a call ▶Press the End button or the key on the steering wheel.

The Bluetooth® handsfree call will end.

Contacts





Downloading Mobile Phone Contacts

Press the Contacts button ▶
Press the Download button ▶
Press Yes .

Contacts Sync (Phonebook Download)
The Contacts Sync feature allows you to choose whether your phone contact list will transfer to your vehicle contacts each time your phone is connected or only at the initial phone pairing. To enable or disable Contacts Syncing:

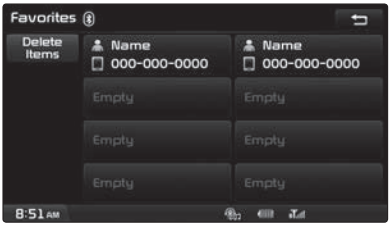
1. Depending on the equipped options of your multimedia system, press the SETUP key, then Setup ▶ Phone ▶ Contact Sync Settings .
2. On the display screen, press Phone, Settings, Advanced Setup and Contacts Sync, then press On or Off to change the setting.

- If Contact Sync is set to ON, contacts stored your phone will download each time your phone is connected. There may be a delay before the system is available to place a call.
- If Contact Sync is set to OFF, your phone contacts will download only at the initial pairing. This allows you to make calls without waiting for your phone contact list to download.

Favorites

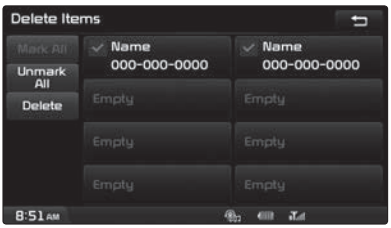
Calling Favorites

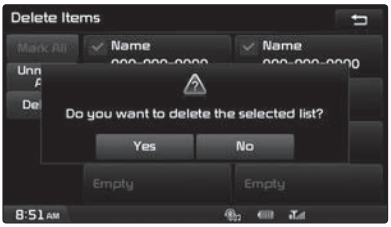
In Phone screen ▶ Press ★ Favorites ▶ Select the desired Favorite ▶ Call is connected.

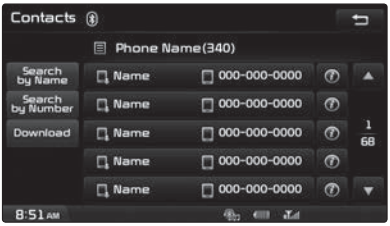


Selecting/Deleting Favorites

In Favorites screen ▶ Press Delete Items ▶ Select items you want to delete and press Delete ▶ Press Yes .







Searching Contacts

Search by Name

Press the Search by Name button ▶ Enter name and press Search .

Searching by Number

Press the Search by Number button ▶ Enter number and press Search .

Information

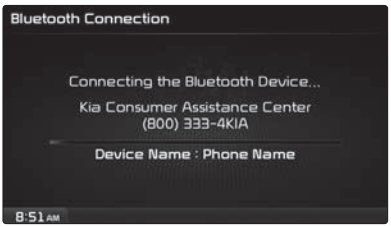
- When searching a number, it is possible to search by entering just a part of the entire number.
  (ex : if you enter “1544”, all numbers that include “1544” will be searched.)

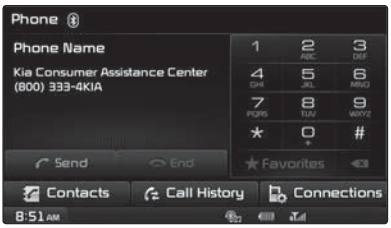
Setting Bluetooth® Connection

Connecting a Device

Press the **Connect** button on the Phone screen.

The Phone screen is displayed once Bluetooth® Handsfree is connected, and the Bluetooth® Audio screen is displayed once audio streaming is available.





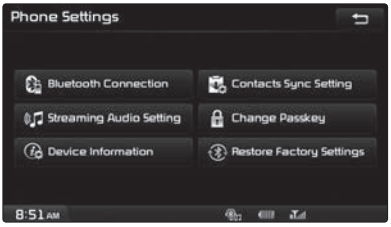
Disconnecting a Device

Select the device you wish to disconnect ▶ Press **Disconnect** ▶ Press **Yes** .

Setting Auto Connection

Press the **Auto Connection** button ▶ Select the desired phone ▶ Set and press **Done** .

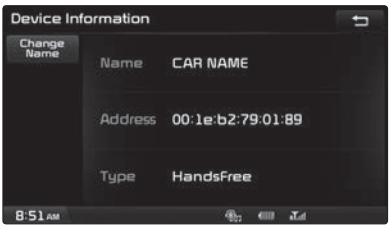
The Bluetooth® device will automatically be connected according to the option set when the car ignition is turned on. When the user selected phone cannot be connected, the system automatically attempts to connect the most recently connected phone. When the most recently connected phone cannot be connected, the system attempts to connect all paired phones. If you do not want to connect automatically, turn off Bluetooth within your mobile phone.



Device Information

Press the SETUP key ▶ Press Setup ▶ Press Phone ▶ Device Information

- This feature allows you to check device information.



Adjusting the Ring/Call Volume

While on a call ▶ Use the ● VOL knob on the head unit or the VOL + , VOL - keys on the steering wheel to adjust the ring/call volume.

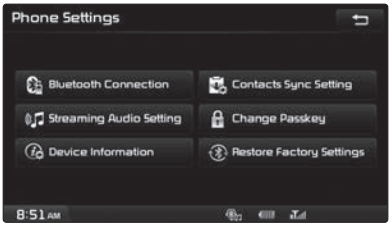
Setting Mic Volume

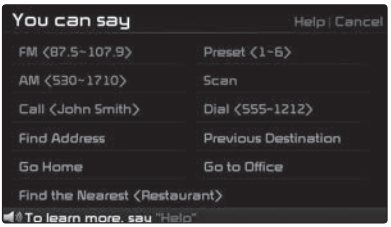
While on a call ▶ Press the Outgoing Vol. ▶ Set Outgoing Volume ▶ Press OK.

If you press the Mute button, the outgoing volume is muted and blocked to the other party.

Restore Factory Settings

Press the SETUP key ▶ Press Setup ▶ Press Phone ▶ Press Restore Factory Settings.





Voice Recognition and Phone Contact Tips

The Kia Voice Recognition System may have difficulty understanding some accents or uncommon names When using Voice Recognition to place a call, speak in a moderate tone, with clear pronunciation. To maximize the use of Voice Recognition, con sider these guidelines when storing contacts:

- Do not store single-name entries (e.g., “Bob”, “Mom”, etc.). Instead, always use full names (including first and last names) for these contacts
- Do not use special characters (e.g., ‘@’, ‘-’, ‘*’, ‘&’, etc.)
- Do not use abbreviations (i.e., use “Lieutenant” instead of “Lt.”) or acronyms (i.e., use “County Finance Department” instead of “C. F. D.”; Be sure to say the name exactly as it is entered in the contacts list.

Starting Voice Recognition

Shortly press the key on the steering wheel (under 0.8 seconds)

▶ Say a command.

Once voice recognition starts, the voice command entry window and the six representative commands are displayed.

- If voice recognition is in [Normal Mode], then the system will say “Please say a command after the beep,” followed by a beep tone.
- If voice recognition is in [Expert Mode], then you will only hear a beep a “Beep~”.

Skipping Prompt Messages

While prompt message is being stated

▶ Briefly press the key on the steering wheel. (under0.8 second)

The prompt message is immediately ended and the beep tone will sound. After the “beep”, say the voice command.

Re-starting Voice Recognition

While system waits ▶ Briefly press the key on the (under 0.8 seconds)

The command wait state will end and the beep tone will sound. After the “beep”, say the voice command.

Ending Voice Recognition

While Voice Recognition is operating

▶ Press and hold the key on the steering wheel. (over 0.8 seconds)

While using voice recognition, pressing a steering wheel remote control or a different key will end voice recognition.

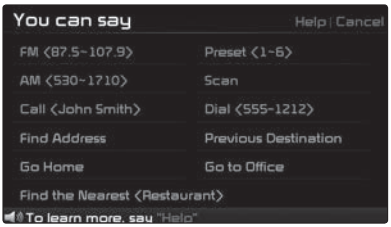


Illustration on Using Voice Recognition (Setting Home as the Destination)

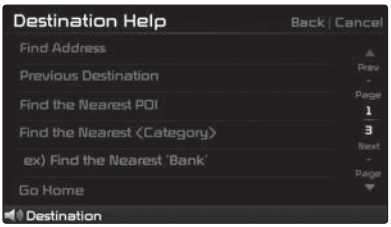
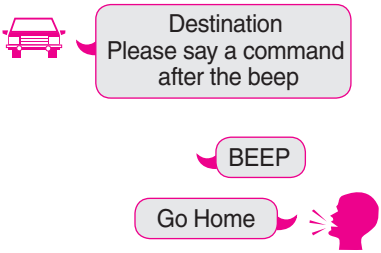
Press the key. (under 0.8 seconds)

The system awaits for your command and display a list of accessible commands on the screen.





Voice Command List

Voice commands within this system are categorized into “Common Commands” and “Mode Commands.”

- Common Commands (●) : commands that can be used in all situations.
- Mode Commands (○) : commands that can be used in specific multimedia/ navigation/Bluetooth® mode states.

Command		Operation
●	Help	Displays the main Help screen
●	Destination Help	Displays the Destination related command list
●	Map Help	Displays the Map related command list
●	Radio Help	Displays the FM/AM radio related command list
●	SIRIUS Help	Displays the SIRIUS radio related command list
●	Disc Help	Displays the DISC mode related command list for the disc inserted in the CD Player
●	iPod Help	Displays the iPod related command list
●	USB Help	Displays the USB related command list
●	Phone Help	Displays the Phone related comand list
●	UVO eServices Help(Optional)	Display the UVO eServices releated command list

Audio System Command List

FM/AM Radio

Command		Operation
●	Radio	Plays the most recent frequency for the most recently operated band
●	AM	Plays the most recent frequency for the corresponding band
●	FM	Plays the most recent frequency for the corresponding band. In the case of FM, The most recent frequency within the most recently played FM1 or FM2 band is played
●	FM1/FM2	Plays the most recent frequency for the corresponding band
●	AM <530~1710>	Plays the desired AM band frequency (e.g. AM “Five-Hundred Thirty”)
●	FM <87.5~107.9>	Plays the desired FM band frequency (e.g. FM “Eighty-Seven point Five”)
●	AM Preset <1~6>	Plays the desired AM band preset frequency
●	FM1 Preset <1~6>	Plays the desired FM1 band preset frequency
●	FM2 Preset <1~6>	Plays the desired FM2 band preset frequency
○	Preset <1~6>	Plays the desired preset frequency for the current band
○	Scan On	Scans receivable frequencies from the current broadcast and plays for 10 seconds each
○	Preset Scan	Plays through all presets for 10 seconds each, beginning with the current preset

SIRIUS Radio

	Command	Operation
●	SIRIUS	Plays the last channel within the last band from SIRIUS1, SIRIUS2, and SIRIUS3
●	SIRIUS1/ SIRIUS2/ SIRIUS3	Plays the most recent channel for the corresponding band
●	SIRIUS Channel <0~255>	Plays the desired SIRIUS band channel (e.g. SIRIUS channel “Eleven”)
●	SIRIUS1 Preset <1~6>	Plays the desired preset channel for SIRIUS1 band
●	SIRIUS2 Preset <1~6>	Plays the desired preset channel for SIRIUS2 band
●	SIRIUS3 Preset <1~6>	Plays the desired preset channel for SIRIUS3 band
○	Channel <0~255>	Plays the desired channel of the current band
○	Preset <1~6>	Plays the desired preset channel of the current band
○	Scan	Scans receivable channels from the current broadcast and plays for 10 seconds each
○	Preset Scan	Plays through all presets for 10 seconds each, beginning with the current preset

CD(Audio Type)

	Command	Operation
●	CD	If the DISC inserted in the CD Player is either a CD or MP3 DISC, then the CD or MP3 will be played
●	CD Track <1~99>	If the DISC inserted in the CD Player is a CD, then CD Mode will start and plays the desired track
○	Play	Plays the currently paused song
○	Pause	Pauses the current song
○	Repeat	Repeats the current track
○	Repeat Off	Cancels repeat play to play tracks in sequential order
○	Shuffle	Randomly plays the tracks within the CD
○	Shuffle Off	Cancels random Play to play tracks in sequential order
○	Track <1~99>	Plays the desired track number

Voice Recognition

CD(MP3 Type)

Command		Operation
●	CD	If the DISC inserted in the CD Player is either a CD or MP3 DISC, then the CD or MP3 will be played
○	Play	Plays the currently paused song
○	Pause	Pauses the current song
○	Next Folder	Plays the first file in the next folder
○	Previous Folder	Plays the first file in the previous folder
○	Repeat	Repeats the current file
○	Repeat Off	Cancels repeat play to play files in sequential order
○	Shuffle	Plays all files within the CD in random order
○	Shuffle Off	Cancels random play to play files in sequential order

USB Music

Command		Operation
●	USB	If the USB has been connected to the device, play the MP3 or image files on the USB
●	USB Music	If the USB has been connected to the device, plays the MP3 files within the USB
○	Play	Plays the currently paused song
○	Previous File	Plays the previous track
○	Next Folder	Plays the first file in the next folder
○	Previous Folder	Plays the first file in the previous folder
○	Repeat	Repeats the current file
○	Repeat Off	Cancels repeat play to play files in sequential order
○	Shuffle	Plays all files within the USB in random order
○	Shuffle Off	Cancels random play to play files in sequential order

iPod

Command		Operation
●	iPod	Plays the songs within the iPod if the iPod has been connected to the device
○	Play	Plays the currently paused song
○	Pause	Pauses the current song
○	Repeat	Repeats the current file
○	Repeat Off	Cancels repeat play to play files in sequential order
○	Shuffle	Plays all files within the current category in random order
○	Shuffle Off	Cancels random play to play files in sequential order

My Music

Command		Operation
●	My Music	Plays the songs within the My Music
○	Play	Plays the currently paused song
○	Pause	Pauses the current song
○	Repeat	Repeats the current file
○	Repeat Off	Cancels repeat play to play files in sequential order
○	Shuffle	Plays all files within the current category in random order
○	Shuffle Off	Cancels random play to play files in sequential order

Others

Command		Operation
●	Bluetooth Audio	Plays Bluetooth® Audio
●	Auxiliary	Plays the connected auxiliary device

Phone Command List

Name		Description
●	Call	Displays list of saved contacts. Say the name to connect the call to the corresponding contact.
●	Call <Name>	Call <Name> saved in Contacts (e.g. Call “John Smith”)
●	Dial Number	Makes the call to the number
●	Dial <Number>	Call can be made by dialing the spoken numbers (e.g. Dial “111 555 1234”)
●	Call History	The user can select a number from the outgoing, incoming, and missed calls
●	Redial	Connects the most recently called number

UVO eServices Command List(Optional)

Name		Description
●	UVO eServices	Display the UVO eServices releated command list
●	Roadside Assist	Connect with a Roadside Assist agent.
●	eService Guide	Provides guidance on how to use UVO eServices
●	Vehicle Diagnostics	Informs you if a diagnostic issue is found in your vehicle
●	My POIs	Show Points of Interest list which downloaded from Google Maps™ and MyUVO.com

Navigation Command List

Destination

Name		Description
●	Find Address	Sets the destination through address search for route guidance
●	Previous Destinations	Sets the previous destination as the current destination
●	Find Nearest POI	Sets a POI near the current position as the destination for route guidance through the POI category search
●	Find the Nearest <POI Category>	Sets a POI near the current position as the destination by directly inputting the POI name for route guidance (e.g. Find the Nearest “Restaurants”), For more information on <POI Category>, refer to Page 3-30.
●	Find Emergency Policestation	Searches for a police station near the current position and sets it as the destination for route guidance
●	Find Emergency Hospital	Searches for a hospital near the current position and sets it as the destination for route guidance
●	Find an Emergency Dealership	Searches for a dealership near the current position and sets it as the destination for route guidance
●	Go Home	Sets the previously registered home address as the destination for route guidance
●	Go to Office	Sets the previously registered office address as the destination for route guidance

Map

	Name	Description
●	Voice Guidance On	Turns the Voice Guidance On
●	Voice Guidance Off	Turns the Voice Guidance Off
●	Voice Guidance Lauder	Increases the Voice Guidance volume by 1 level
●	Voice Guidance Softer	Decreases the Voice Guidance volume by 1 level
●	Repeat Voice Guidance	Repeats the route guidance
●	Cancel Route	Deletes the designated destination and terminates the route guidance
●	Distance to Destination	Reports the remaining distance until destination by voice
●	Time to Destination	Reports the remaining time until destination by voice
●	Replan Faster Time Route	Recalculates the route with faster time route
●	Replan Shorter Distance Route	Recalculates the route with shorter distance route
○	Zoom In / Zoom Out	Decreases/Increases the map zoom by one level
○	Zoom Maximum	Displays the map screen in the maximum zoom level
○	Zoom Minimum	Displays the map screen in the minimum zoom level
○	View Route	If the destination has been set, displays the entire route on the screen until the destination
○	Auto Zoom On	Turns the Auto Zoom feature on
○	Auto Zoom Off	Turns the Auto Zoom feature off
○	Auto Mode	Automatically converts the map display between daylight and night mode
○	Daylight Mode	Converts the map display into daylight mode
○	Night Mode	Converts the map display into night mode
