*Driving while distracted is dangerous and should be avoided. Drivers should remain attentive to driving and always exercise caution when using the steering-wheel-mounted controls while driving. Driving while distracted can result in a loss of vehicle control that may lead to an accident, severe personal injury and death. The driver's primary responsibility is in the safe and legal operation of a vehicle, and any handheld devices, other equipment or vehicle systems which take the driver's eyes, attention and focus away from the safe operation of a vehicle or that are not permissible by law should never be used during operation of the vehicle.

Safety Features: No system, no matter how advanced, can compensate for all driver error and/or driving conditions. Always drive responsibly.

A Quick Start Guide to Some of Commonly Used Kia Vehicle Features

For vehicles equipped with Standard Audio Systems

Pair Your Phone via Bluetooth® Wireless Technology

NOTE: Vehicle MUST be in Park

- 1 Ensure **Bluetooth®** wireless technology is turned "on" on your phone in order to search
- 2 Press the **PHONE** key next to the display or the **CALL** button on the steering wheel
- 3 On your phone display, select the vehicle name and pair (confirm passkey matches, or enter passkey if instructed)
- 4 Follow the instructions on your device to confirm the passkey displayed. Press **Ok** or **Pair** to complete pairing. Be sure to allow phonebook download and future autoconnection on your phone

NOTE: Ensure that only the "phone contact list" is selected for contact download (not Twitter, Facebook, or e-mail contact lists)
