

Climate Control Systems

Climate Control System functions differ between systems and vehicles. Presented below are descriptions of the most common control functions:

Fan speed control switch/knob*

Temperature control switch/knob*

Front windshield defroster button*

Automatic climate control button*

Recirculated air button

Climate information screen*

Air conditioning ON/OFF button

Rear windshield defroster button*

Mode selection button(s)*

Dual temperature control mode*

System OFF*

NOTE: Climate Control System options and the appearance and location of icons on the system in your vehicle may differ, as equipped.

QUICK TIPS

- Keep interior glass surfaces as clean as possible to reduce window fogging
- Defrost Mode activates A/C and opens Fresh Air Vent
- When Automatic Climate Control is set to Auto Operation, the A/C indicator will NOT illuminate. The fan speed, air intake, air flow and air conditioning may automatically be engaged at any time to reach desired temperature and reduce humidity

AUTOMATIC AND MANUAL DEFROSTING / DEFOGGING:

Max Defrost:

- Select **Defrost** Mode
- Select **Max Fan Speed**
- Set **Temperature** to **Hot**

Defogging:

- Select **Defrost** Mode
- Select **Max Fan Speed**
- Set desired **Temperature**

*If moisture appears on windshield, adjust **Temperature Control Knob** to a warmer temperature

Using Steering Wheel Control Buttons*†

These buttons on your steering wheel provide you with "hands free" control over your mobile phone equipped with Bluetooth® wireless technology, Audio System, and Kia Connect.

VOICE BUTTON
If Android Auto is connected, activates or ends the device's voice recognition

CALL BUTTON
Press to initiate or answer a call

END CALL BUTTON
Press to end a call or reject an incoming call

REMINDERS:

- Remember to always wait for the beep before speaking any commands
- Phone must be connected and paired with the contact list downloaded to make a call from the contact list

Voice Recognition & Phone Contact Tips

To help optimize the Bluetooth® Wireless Technology Voice Recognition system, below are some tips and reminders. Improve the performance by making a few simple changes to your phone contacts:

- Use full names (first and last names) vs. short or single-syllable names ("John Smith" vs. "Dad," "Smith Residence" vs. "Home")
- Avoid using special characters, emojis or hyphenated names (@, &, #, /, -, *, +, etc.)
- Avoid using acronyms ("In Case of Emergency" vs. "ICE") or words with all capital letters
- Spell words completely, no abbreviations ("Doctor Smith" vs. "Dr. Smith")

The system may have difficulty understanding some accents or uncommon names. Below are other tips to optimize using the voice recognition.

REMINDERS:

- Pressing the "Talk" button the steering wheel and stating the command "HELP" will provide a list of commands available for the current mode
- When placing a call, speak in a natural, moderate tone, with clear pronunciation. The system may have trouble recognizing commands if you speak too soft or too loud
- Always wait for the beep before speaking any commands
- Close windows and sunroof and turn off A/C. Open windows, sunroof, weather (wind/rain), or an A/C fan operating at higher speeds can interfere with Voice Recognition
- Press the talk button and say "Help" to get a list of available commands

Kia Access App Download*

Go to an app marketplace to download the new Kia Access App. Once you download, make sure you register your vehicle and start an account (refer to Kia Connect/UVO link Activation). Get to know your new Kia and the available convenient features on the app.

The smartphone and vehicle need to be connected to a cellular network with a good wireless signal strength in order to use Kia Connect/UVO. If these conditions are not met, voice commands may fail or take a long time to execute.

- To use Remote Start or Remote Start with Climate Control feature, all doors, hood and trunk/liftgate must be closed and locked
- Activate Remote Start or Remote Start with Climate Control feature at least 10 minutes before getting into the vehicle, which will allow vehicle interior to reach a desired temperature. If the driver does not enter the vehicle within the 10 minutes, the Remote Start will turn off the engine
- The quickest way to obtain accurate vehicle status through the app is by pressing the refresh button on the app or refreshing the web page when using the customer web portal
- In order to preserve the vehicle battery, will not turn on seven days after the last ignition was on. You will need to restart the vehicle with a key fob in order to use Kia Connect/UVO again
