

## Climate Control System

Climate Control System functions differ between systems and vehicles. Presented below are descriptions of the most common control functions:

Fan speed control switch/knob\*

Temperature control switch/knob\*

Front windshield defroster button\*

Automatic climate control button\*

Recirculated air button

Climate information screen\*

Air conditioning ON/OFF button

Rear windshield defroster button\*

Mode selection button(s)\*

Dual temperature control mode\*

System OFF\*

**NOTE:** Climate Control System options and the appearance and location of icons on the system in your vehicle may differ, as equipped.

### QUICK TIPS

#### Automatic and Manual Defrosting / Defogging

**Defrost Outside Windshield:**

- Select **Defrost** Mode
- Select **Max Fan Speed**
- Set **Temperature** to Hot

**Defog Inside Windshield:**

- Select **Defrost** Mode
- Select **Max Fan Speed**
- Select desired **Temperature**\*

\*If moisture appears on windshield, adjust **Temperature Control Knob** to a warmer temperature

### QUICK TIPS

- Keep inside glass as clean as possible to reduce window fogging
- Defrost Mode activates A/C and opens Fresh Air Vent
- When Automatic Climate Control is set to Auto Operation, the A/C indicator will NOT illuminate. The fan speed, air intake, air flow and air conditioning may be engaged automatically at any time to reach desired temperature and reduce humidity

## Front Seat Headrest Adjustment

**To adjust headrest forward\*:** Pull headrest forward at an angle to one of three positions.

**To adjust headrest back\*:** Pull headrest completely forward at an upward angle, then release.

**To raise headrest:** Pull headrest up.

**To lower headrest:** Press lock, then press the headrest down.

\*If equipped

## Windshield Wipers and Washers\*

### Windshield Wipers & Washers Controls:

Rotate ring to adjust Intermittent Wipe Speed.

Move lever Up/Down to change Wiper modes.

**MIST:** Single wipe

**OFF:** Wiper off

**INT:** Intermittent wipe

**AUTO\*:** Auto Control function

**LO:** Slow wipe

**HI:** Fast wipe

### Rear Wiper & Washer Controls\*:

Push to spray and wipe.

Rotate Rear Wiper Switch to change Wiper modes.

**ON:** Normal wipe

**INT\*:** Intermittent wipe

**OFF:** Wiper off

\*If equipped

## Steering Wheel Adjustment

When adjusting the steering wheel in and out, the effort is reduced if the wheel is lifted upward when pulling out/pushing in.

For any questions regarding the features of your vehicle, please contact your preferred Kia dealer, or contact Kia Consumer Affairs at (800) 333-4Kia (4542)

Reference your Owner's Manual or UVO System User's Manual, for more information on these features.

**Warning:** Driving while distracted can result in a loss of vehicle control that may lead to an accident, severe personal injury, or death. The driver's primary responsibility is the safe and legal operation of a vehicle, and use of any handheld devices, other equipment or vehicle systems which take the driver's eyes, attention and focus away from the safe operation of a vehicle or which are not permissible by law should never be used during operation of the vehicle.

Pair Your Phone via *Bluetooth*® Wireless Technology

**NOTE:** Vehicle **MUST** be in “P” or Park.

- 1 On your UVO system, press the **PHONE** key next to the display
- 2 On the display, press **Connections**
- 3 Press **Add Device**
- 4 In the *Bluetooth*® menu of your phone, select **Search for Bluetooth® Devices** (or **Find, Discovery, Connect**, etc.) *[Phone will display vehicle name]*
- 5 On your phone, confirm the passkey, shown on the display, associated with the vehicle name and press **OK** (or **Send, Enter, Done**, etc.) to complete the pairing
- 6 Once pairing is complete, the phone will be shown in the Connections List

**NOTE:** Some phones (i.e., iPhone, Android and Blackberry phones) may offer an option to allow default acceptance of all future *Bluetooth*® connection requests

**NOTE:** Phonebook transfer will occur automatically at initial pairing. Wait until complete before placing a call

**NOTE:** Visit [www.Kia.com/us/en/#/content/owners/bluetooth](http://www.Kia.com/us/en/#/content/owners/bluetooth) for additional information on pairing your *Bluetooth*® enabled mobile phone, and to view a phone compatibility list

QUICK TIPS

Voice Recognition and Phone Contact Tips

The Kia Voice Recognition System may have difficulty understanding some accents or uncommon names. When using Voice Recognition to place a call, speak in a moderate tone, with clear pronunciation

To maximize the use of Voice Recognition, consider these guidelines when storing contacts:

- Do not store single-name entries (e.g., “Bob”, “Mom”, etc.). Instead, always use full names (including first *and* last names) for these contacts
- Do not use special characters (e.g., '@', '-', '\*', '&', etc.)
- Do not use abbreviations (i.e., use “Lieutenant” instead of “Lt.”) or acronyms (i.e., use “County Finance Department” instead of “C. F. D.”; Be sure to say the name exactly as it is entered in the contacts list

Contacts Sync (Phonebook Download)

The Contacts Sync feature allows you to choose whether your phone contact list will transfer to your vehicle contacts each time your phone is connected or only at the initial phone pairing. To enable or disable Contacts Syncing:

- 1 Press the **PHONE** key on the UVO System
- 2 Press **Settings** on the display screen. Next press (▼) to scroll to next page, then press **Contacts Sync**. Press **On** or **Off** to change the setting

QUICK TIPS

- If Contact Sync is set to **ON**, contacts stored your phone will download each time your phone is connected. There may be a delay before the system is available to place a call.
- If Contact Sync is set to **OFF**, your phone contacts will download only at the initial pairing. This allows you to make calls without waiting for your phone contact list to download.

Using Steering Wheel Control Buttons

These buttons on your steering wheel provide you with “hands free” control over your mobile phone equipped with *Bluetooth*® wireless technology, Audio System, and UVO System.

**TALK Button**  
*(Press to place a call with minimal vocal command prompts from the system)*

**RECEIVE CALL Button**  
*(Press to display phone info. Press again to display call history or to answer an incoming call)*

**END CALL Button**

There are two ways to use the steering wheel control buttons to place a call.

**NOTE:** Remember to always wait for the beep before speaking any commands

- 1 Press the **TALK** button . *[Wait for system to beep]*
- 2 Say “Call {name}” or “Dial {number}”. *[Refer to Voice Commands list on the front page of this guide]*

Media Mode

Media mode includes a variety of modes, such as audio CD, MP3 CD, USB, iPod®, Jukebox, *Bluetooth*® audio, and Aux

**NOTE:** Only MP3 and WMA files may be played or copied to Jukebox

- 1 Insert your media or connect your device. If already inserted/connected, press the **MEDIA** key on the UVO System until the desired device is selected
- 2 To select a song, press **Menu** on the display, then press **Now Playing**
- 3 Select the file you wish to play by pressing its name on the list. The file will begin playing automatically
- 4 To pause a track or song, press **Pause (II)** on the display. Press **Play (▶)** to resume playback

Copying Songs to Jukebox

The UVO system allows you to copy songs from MP3 CDs and USB Devices, and store them in Jukebox

- 1 While the song is playing, press **Copy**
- 2 Once copying is complete, you can listen to the copied music in Jukebox mode

**NOTE:** Only MP3 and WMA files may be played or copied to Jukebox

Listening to your iPod®

- 1 Connect an iPod® device or, if an iPod® device has already been connected, press the **MEDIA** key on the UVO system

**NOTE:** Use the iPod® cable that was supplied with your device

**NOTE:** Wait for the song catalog transfer to complete

- 2 To pause a track or song, press **Pause (II)** on the display. Press **Play (▶)** to resume playback

Manually Selecting iPod® Music

- 1 Turn the **TUNE** knob to scan through the file selections
- 2 When you find the desired file, press the **TUNE** knob to select and play

Selecting iPod® Music from a List

- 1 Press **Menu** on the display, then press **Now Playing**
- 2 Press the name of the file from the list. The file will start playing automatically

Listening to Music from your *Bluetooth*® Wireless Technology Device

- 1 If not already done, pair your *Bluetooth*® wireless technology device to the system
- 2 Press the **MEDIA** key until *Bluetooth*® Audio Mode is selected
- 3 To pause a track or song streaming from your *Bluetooth*® wireless technology device, press **Play/Pause (▶II)** on the display. Press **Play/Pause (▶II)** to resume playback

UVO eServices

Setting up UVO eServices

- 1 On the Internet, visit MyUVO.com and create a new account. Note your MyUVO login credentials
- 2 Using a compatible smartphone to access your App Store, download the free Kia UVO app
- 3 On your smartphone, open the Kia UVO app and enter your MyUVO log-in credentials
- 4 In your smartphone's **Settings**, ensure that Location Services are enabled
- 5 If not already done, pair your *Bluetooth*® wireless technology smartphone to the system
- 6 Press the **eServices** key on the system, then press **Settings** on the display, then **Activate**. Press **Activate** again to confirm

Using Parking Minder

- 1 After parking, with the vehicle in Park (P) gear, but before turning off the ignition, press the **eServices** key on the UVO System, then press **Parking Minder** on the display
- 2 Once the Parking Location transfers to the Kia UVO app, press **OK**, then turn the ignition off
- 3 The Kia UVO app on your Smartphone will now help locate your parked Kia when required

**NOTE:** Visit [www.MyUVO.com](http://www.MyUVO.com) to view a phone compatibility list for **eServices**

UVO Controls

- |  |   |                          |
|--|---|--------------------------|
| <b>A</b> Eject CD  | <b>F</b> Select Radio Station or CD track                               | <b>J</b> Phone           |
