QUICK TIPS

Voice Recognition and Phone Contact Tips

The Kia Voice Recognition System may have difficulty understanding some accents or uncommon names. When using Voice Recognition to place a call, speak in a moderate tone, with clear pronunciation. Voice Recognition performance can be improved by ensuring all windows and sunroof are closed, and that Climate Control System fan speed has been lowered to reduce noise in the cabin.

To maximize the use of Voice Recognition, consider these guidelines when storing contacts:

- Use full names vs. short or single syllable names (“John Smith” vs. “Dad”, “Smith Residence” vs. “Home”)
- Avoid using special characters or hyphens (@, &, #, /, -, *, +, etc.)
- Avoid using acronyms (“In Case Emergency” vs. “ICE”)
- Spell words completely, no abbreviations (“Doctor Goodman” vs. “Dr. Goodman”)

NOTE: Always wait for the beep before speaking any commands.

Snap this tag with a QR code reader app on your smart phone to view a video.

Using Steering Wheel Control Buttons[†]

These buttons on your steering wheel provide you with “hands free” control over your mobile phone equipped with *Bluetooth*® wireless technology, Audio System, and UVO System.

TALK Button
(Press to place a call with minimal vocal command prompts from the system)

RECEIVE CALL Button
(Press to display phone info. Press again to display call history or to answer an incoming call)

END CALL Button

There are two ways to use the steering wheel control buttons to place a call.

NOTE: Remember to always wait for the beep before speaking any commands

- NOTE:** It may take the Navigation System a few minutes to retrieve information on traffic conditions
- Set Destination:**
- Press the **DEST** key
 - To enter a new destination, select **Address**. Enter (or select) the **City Name**, then the **Street Number** and **Street Name**
 - To confirm destination, select **Set as Destination** on the display screen

QUICK TIPS

- Your Kia Navigation System offers many features and functions. Be sure to read the Car Multimedia System User’s Manual that came with your Kia for complete details and user instructions.

Climate Control System

Climate Control System functions differ between systems and vehicles. Presented below are descriptions of the most common control functions:

	Fan speed control switch/knob*		Recirculated air button		Mode selection button(s)*
	Temperature control switch/knob*		Climate information screen*		Dual temperature control mode*
	Front windshield defroster button*		Air conditioning ON/OFF button		System OFF*
	Automatic climate control button*		Rear windshield defroster button*		

NOTE: Climate Control System options and the appearance and location of icons on the system in your vehicle may differ, as equipped

QUICK TIPS

Automatic and Manual Defrosting / Defogging

- | | |
|--|--|
| Defrost Outside Windshield: | Defog Inside Windshield: |
| 1 Select Defrost Mode | 1 Select Defrost Mode |
| 2 Select Max Fan Speed | 2 Select Max Fan Speed |
| 3 Set Temperature to Hot | 3 Select a warm Temperature setting* |

*If moisture appears on windshield, adjust **Temperature Control Knob** to a warmer temperature

QUICK TIPS

- Keep inside glass as clean as possible to reduce window fogging
- Defrost Mode activates A/C and opens Fresh Air Vent
- When Automatic Climate Control is set to Auto Operation, the A/C indicator will NOT illuminate. The fan speed, air intake, air flow and air conditioning may automatically engage at any time to reach desired temperature and reduce humidity
