

Climate Control System

Climate Control System functions differ between systems and vehicles. Presented below are descriptions of the most common control functions:

Fan speed control switch/knob*

Temperature control switch/knob*

Front windshield defroster button*

Automatic climate control button*

Recirculated air button

Climate information screen*

Air conditioning ON/OFF button

Rear windshield defroster button*

Mode selection button(s)*

Dual temperature control mode*

System OFF*

NOTE: Climate Control System options and the appearance and location of icons on the system in your vehicle may differ, as equipped

QUICK TIPS

Automatic & Manual Defrosting / Defogging

Defrost Outside Windshield:

- 1 Select **Defrost** **Mode**
- 2 Select **Max Fan Speed**
- 3 Set **Temperature to Hot**

Defog Inside Windshield:

- 1 Select **Defrost** **Mode**
- 2 Select **Max Fan Speed**
- 3 Select a warm **Temperature** setting*

Voice Recognition and Phone Contact Tips

- To help optimize the Bluetooth® Wireless Technology Voice Recognition system, below are some tips and reminders. Improve the performance by making a few simple changes to your phone contacts:
- Use full names (first and last names) vs. short or single-syllable names (“John Smith” vs. “Dad,” “Smith Residence” vs. “Home”)
 - Avoid using special characters, emojis or hyphenated names (@, &, #, /, -, *, +, etc.)
 - Avoid using acronyms (“In Case of Emergency” vs. “ICE”) or words with all capital letters
 - Spell words completely, no abbreviations (“Doctor Smith” vs.“Dr. Smith”)

- Reminder**
- The system may have difficulty understanding some accents or uncommon names. Below are other tips to optimize using the voice recognition
- Pressing the “Talk” button the steering wheel and stating the command “HELP” will provide a list of commands available for the current mode
 - When placing a call, speak in a natural, moderate tone, with clear pronunciation. The system may have trouble recognizing commands if you speak too soft or too loud
 - Always wait for the beep before speaking any commands
 - Close windows and sunroof and turn off A/C. Open windows, sunroof, weather (wind/rain), or an A/C fan operating at higher speeds can interfere with Voice Recognition
 - Press the talk button and say “Help” to get a list of available commands
