QUICK TIPS

Voice Recognition and Phone Contact Tips

To help optimize the Bluetooth® Wireless Technology Voice Recognition system, below are some tips and reminders. Improve the performance by making a few simple changes to your phone contacts:

- Use full names (first and last names) vs. short or single-syllable names ("John Smith" vs. "Dad," "Smith Residence" vs. "Home")
- Avoid using special characters, emojis or hyphenated names (@, &, #, /, -, *, +, etc.)
- Avoid using acronyms ("In Case of Emergency" vs. "ICE") or words with all capital letters
- Spell words completely, no abbreviations ("Doctor Smith" vs. "Dr. Smith")

The system may have difficulty understanding some accents or uncommon names. Below are other tips to optimize using the voice recognition

Reminder

- Pressing the "Talk" button the steering wheel and stating the command "HELP" will provide a list of commands available for the current mode
- When placing a call, speak in a natural, moderate tone, with clear pronunciation. The system may have trouble recognizing commands if you speak too soft or too loud
- Always wait for the beep before speaking any commands
- Close windows and sunroof and turn off A/C. Open windows, sunroof, weather (wind/rain), or an A/C fan operating at higher speeds can interfere with Voice Recognition
- Press the talk button and say "Help" to get a list of available commands

Using Steering Wheel Control Buttons*

These buttons on your steering wheel provide you with "hands free" control over your mobile phone equipped with *Bluetooth*® wireless technology and Audio System

NOTE: Remember to **always** wait for the beep before speaking any commands

There are two ways to use the steering wheel control buttons to place a call

- 1 Press the **RECEIVE CALL** button
- 2 Press the **TALK** button (Wait for system to **beep**. Some systems may offer prompts to assist in placing call)

Media Mode*

Media mode includes a variety of modes, such as CD, USB, iPod®, *Bluetooth*® Audio, Aux, and My Music

NOTE: Only MP3 and WMA files may be played or copied to **My Music**

- 1 Insert your media. Press the **MEDIA** key repeatedly to scroll through a list of connected devices

Copying Songs to My Music

Media Mode allows you to copy songs from USB Devices, and store them in **My Music**

- 1 Press **Copy** on screen
- 2 Once copying is complete, you can listen to the copied music file in **My Music** by pressing the **MEDIA** key repeatedly until **My Music** appears on the display

Listening to your iPod®

- 1 From the iPod menu, press the **LIST** button and select the category
- 2 Select your desired item to play

NOTE: Use the iPod® cable that was supplied with your device

Manually Selecting iPod® Music

- 1 Turn the **FILE / TUNE** knob on the Audio System to scan through music categories
- 2 When you find the desired selection, press the **FILE / TUNE** knob to play

Listening to Music from your *Bluetooth*® Wireless Technology Device

- 1 If not already done, pair your *Bluetooth*® wireless technology device to the Audio System
- 2 Press the **MEDIA** key, until *Bluetooth*® Audio is displayed on the screen
- 3 Press the **Seek/Track** key to scroll through music songs
- 4 Press **PLAY/PAUSE** button on screen

NOTE: Make sure that the listening volume on the mobile device is turned up

Steering Wheel Adjustment*

When adjusting the steering wheel in and out, the effort is reduced if the wheel is lifted upward when pulling out/pushing in.

Climate Control Systems

Climate Control System functions differ between systems and vehicles. Presented below are descriptions of the most common control functions:

- Fan speed control switch/knob*
- Temperature control switch/knob*
- Front windshield defroster button*
- Automatic climate control button*
- Recirculated air button
- Climate information screen*
- Air conditioning ON/OFF button
- Rear windshield defroster button*
- Mode selection button(s)*
- Dual temperature control mode*
- System OFF*

NOTE: Climate Control System options and the appearance and location of icons on the system in your vehicle may differ, as equipped

QUICK TIPS

- Keep interior glass surfaces as clean as possible to reduce window fogging
- Defrost Mode activates A/C and opens Fresh Air Vent
- When Automatic Climate Control is set to Auto Operation, the A/C indicator will NOT illuminate. The fan speed, air intake, air flow and air conditioning may automatically be engaged at any time to reach desired temperature and reduce humidity.

QUICK TIPS
