See next page for Voice Recognition tips

Pair Your Phone via *Bluetooth®* Wireless Technology

**NOTE:** Vehicle **MUST** be in “P” or Park

- 1 Ensure *Bluetooth®* wireless technology is turned “on” on your phone in order to search
- 2 Press the **PHONE** key next to the display or the  **RECEIVE CALL** button on the steering wheel
- 3 On your phone display, select the vehicle name and pair (confirm passkey matches, or enter passkey if instructed)
- 4 Follow the instructions on your device to confirm the passkey displayed. Press **Ok** or **Pair** to complete pairing. The contact download may take a few minutes

**NOTE:** Contact download will occur automatically at initial pairing

**NOTE:** Be sure to allow phonebook download and future autoconnection on your phone

**NOTE:** Ensure that only the “phone contact list” is selected for contact download (not Twitter, Facebook, or e-mail contact lists)

For any questions regarding the features of your vehicle, please contact your preferred Kia dealer or Kia Consumer Affairs at (800) 333-4542

QUICK TIPS

Voice Recognition and Phone Contact Tips

To help optimize the Bluetooth® Wireless Technology Voice Recognition system, below are some tips and reminders. Improve the performance by making a few simple changes to your phone contacts:

- Use full names (first and last names) vs. short or single-syllable names (“John Smith” vs. “Dad,” “Smith Residence” vs. “Home”)
- Avoid using special characters, emoji’s or hyphenated names (@, &, #, /, -, \*, +, etc.)
- Avoid using acronyms (“In Case of Emergency” vs. “ICE”) or words with all capital letters
- Spell words completely, no abbreviations (“Doctor Smith” vs.“Dr. Smith”)

The system may have difficulty understanding some accents or uncommon names. Below are other tips to optimize using the voice recognition

Reminder

- Pressing the “Talk” button the steering wheel and stating the command “HELP” will provide a list of commands available for the current mode
- When placing a call, speak in a natural, moderate tone, with clear pronunciation. The system may have trouble recognizing commands if you speak too soft or too loud
- Always wait for the beep before speaking any commands
- Close windows and sunroof and turn off A/C. Open windows, sunroof, weather (wind/rain), or an A/C fan operating at higher speeds can interfere with Voice Recognition
- Press the talk button and say “Help” to get a list of available commands

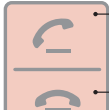

Snap this tag with a QR code reader app on your smart phone to view a video.

Using Steering Wheel Control Buttons\*

These buttons on your steering wheel provide you with “hands free” control over your mobile phone equipped with *Bluetooth®* wireless technology, Audio System, and UVO System

**TALK Button**  
Press to activate voice recognition/bring up available commands for current mode/place calls

**RECEIVE/PLACE CALL Button**  
Press to receive/place/answer a call

**END CALL Button**  
Press to end a call

**NOTE:** Remember to always wait for the beep before speaking any commands

Media Mode

Media mode includes a variety of modes, such as USB, iPod®, My Music, *Bluetooth®* Audio, and Aux

**NOTE:** Only MP3 and WMA files may be played or copied to My Music

- 1 Insert your media or connect your device. Press the **MEDIA** key on the UVO System until the desired device or My Music is selected
- 2 To pause a track or song, press **Pause (II)** on the display. Press **Play (▶)** to resume playback

Listening to your iPod®

- 1 Connect an iPod® device or, if an iPod® device has already been connected, press the **MEDIA** key on the UVO system

**NOTE:** Use the iPod® cable that was supplied with your device

- 2 To pause a track or song, press **Pause (II)** on the display. Press **Play (▶)** to resume playback

Manually Selecting iPod® Music

- 1 Turn the **TUNE** knob to scan through the file selections
- 2 When you find the desired song, press the **TUNE** knob to select and play

Selecting iPod® Music from a List

- 1 Press **Menu** on the display, then choose a category by rotating the **TUNE** knob. Press **TUNE** knob to select your choice
- 2 Press the name of the file from the list. The file will start playing automatically

Listening to Music from your Bluetooth® Wireless Technology Device

- 1 If not already done, pair your *Bluetooth®* wireless technology device to the system  
Press the **MEDIA** key until *Bluetooth®* Audio Mode is selected
- 2 To pause a track or song streaming from your *Bluetooth®* wireless technology device, press **Play/Pause (▶II)** on the display. Press **Play/Pause (▶II)** to resume playback

**NOTE:** Make sure that the listening volume on your mobile device is turned up

Radio Presets

You can listen to FM, AM and SiriusXM radio and save frequently used stations

How to Save a Preset

- 1 Press and hold the desired slot. This saves the current station in the selected slot

SiriusXM Smart Favorites

For the first ten favorite SiriusXM channels, you may play live or repeat from the beginning of a song or a program segment

- 1 In Radio mode, choose **SiriusXM**
- 2 Select any of the first six favorites
- 3 During song or program play, tap the **Skip Backward (⏮)** icon to start from the beginning of the song or program
- 4 Tap the **Play Live** icon to return to the live broadcast

Sound Settings

To adjust the UVO eServices System with Navigation sound settings:

- 1 Press the **SETUP** key
- 2 Select the on-screen SOUND button
- 3 Select the menu item (Position, Tone, Advanced, Default)
- 4 Use the onscreen buttons to adjust settings

\*If equipped

UVO eServices

Setting up UVO eServices

- 1 Using a compatible smartphone to access your App Store, download the free Kia UVO app
- 2 In your smartphone’s settings, ***ensure that Location Services are enabled***
- 3 Using the Kia UVO app, register for a new MyUVO.com account
- 4 Follow the In Car Setup Instructions on the Kia UVO app to complete the UVO eServices Activation

Using Parking Minder

- 1 Make sure your smartphone is connected to the system via USB cable and logged in to the Kia UVO app
- 2 After parking, and with the vehicle in Park (P), ***but before turning off the ignition***, press the **UVO** key, then select Parking Minder on the display
- 3 The Kia UVO app will register your vehicle’s current parking location. When this is completed turn the ignition off
- 4 The Kia UVO app on your Smartphone will now help locate your parked Kia

**NOTE:** Visit [www.MyUVO.com](http://www.MyUVO.com) to view a phone compatibility list for UVO eServices

Apple CarPlay & Android Auto

Android Auto™\* – Setting up Android Auto™

- 1 From an Android Auto™ compatible device, download the Android Auto™ app from the Google Play™ Store
- 2 Open the Android Auto™ app and proceed with the on-screen instructions to complete setup on the mobile device

How to start Android Auto™:

- 1 Press the **SETUP** key on your UVO eServices system’s control panel
- 2 Press the **Phone Projection** or **Connectivity**  button, select Android Auto™ then select **ENABLE ANDROID AUTO**. Accept all terms, conditions and requests on the head unit and phone in order to use Android Auto™
- 3 Connect the Android™ device with the vehicle’s USB port using the manufacturer’s cable provided with your phone
- 4 From the vehicle’s home screen, select the Android Auto™ button, where you’ll see all the Android Auto™ supported apps

**REMINDER:** Android Auto compatibility requirements: Micro-USB cable that came with your phone, OS Android™ 5.0 or higher, compatible Android smartphone and data and wireless plan for applicable feature(s)  
It is recommended to always update your phone to the latest operating system release

Apple CarPlay®\* – Setting up Apple CarPlay®:

- 1 Connect the Apple CarPlay® compatible iPhone with the vehicle’s USB port using the manufacture’s cable provided with your iPhone
- 2 On the UVO eServices System audio control unit, press the **SETUP** key
- 3 Press the **Phone Projection** or **Connectivity**  button, select Apple CarPlay® then select **ENABLE APPLE CARPLAY**. Accept all terms, conditions and requests on the head unit and phone in order to use Apple CarPlay®
- 4 From the vehicle’s home screen, select the Apple CarPlay® button, where you’ll see all the Apple CarPlay® supported apps

**REMINDER:** Apple CarPlay compatibility requirements: Apple Lightning® cable, latest iOS software, iPhone 5 or later and data and wireless plan for applicable feature(s)
