Voice Recognition and Phone Contact Tips

To help optimize the Bluetooth® Wireless Technology Voice Recognition system, below are some tips and reminders. Improve the performance by making a few simple changes to your phone contacts:

- Use full names (first and last names) vs. short or single-syllable names (“John Smith” vs. “Dad,” “Smith Residence” vs. “Home”)
- Avoid using special characters, emoji’s or hyphenated names (@, &, #, /, -, *, +, etc.)
- Avoid using acronyms (“In Case of Emergency” vs. “ICE”) or words with all capital letters
- Spell words completely, no abbreviations (“Doctor Smith” vs. “Dr. Smith”)

NOTE: Always wait for the beep before speaking any commands.
