

Downloading Apps

With Download Center, you can install paid/free applications or check for related information. Only UVO center verified applications can be installed.

**NOTE:** You can use Download Center after agreeing to the User Agreement and Privacy Policy. (Only 1 time for initial launch)

**NOTE:** You must create a MyUvo.com account and setup your UVO eServices account. Refer to the Setting Up UVO eServices in the UVO eServices section on the reverse for guidance

**NOTE:** You must be connected to a Wi-Fi network or your personal hot spot

How to Connect to a Wi-Fi network

- 1 On your vehicle's Audio System, press the **SETUP** key
- 2 Select the **Wi-Fi** button on the display screen
- 3 Select the **Wi-Fi** network of choice from the list provided
- 4 Enter the **Wi-Fi** networks password when prompted

Display App List and Download Apps

- 1 From the Home screen press **INFO** key
- 2 Press **Apps** icon on the display screen.
- 3 Press **Download** icon on the display screen

The following action choices below will appear on the screen. Press to select desired feature

Download	Downloads free applications.
Purchase	Downloads paid applications.
Re-Download	Downloads deleted applications after previously installing them.
Retry	Downloads the applications that failed to download due to network or system errors.
Run	Runs installed applications.
Cancel	Cancels any downloads and updates.
Update	After installation, it shows applications requiring updates. The update screen shows the Update All button to update all applications that need updates.
Refresh	Refreshes the app list status.
Preview	Displays application images.
Information	Displays application information.

QUICK TIPS

- You can update applications already running only after closing them.
- Details on downloaded apps can be checked within the Download Center.

Your Features and Functions Guide, located in your glove box, contains much more information on these, and other available features of your Kia vehicle.

You can also view Features and Functions Videos to learn more about using the many new features of your vehicle by visiting [www.KuTechVideos.com](http://www.KuTechVideos.com).

Front Seat Headrest Adjustment\*

For any questions regarding the features of your vehicle, please contact Kia Consumer Affairs at (800) 333-4542

Reference your Owner's Manual or Car Multimedia System User's Manual, for more information on these features.

\*Driving while distracted is dangerous and should be avoided. Drivers should remain attentive to driving and always exercise caution when using the steering-wheel-mounted controls while driving. Driving while distracted can result in a loss of vehicle control that may lead to an accident, severe personal injury and death. The driver's primary responsibility is in the safe and legal operation of a vehicle, and use of any handheld devices, other equipment or vehicle systems which take the driver's eyes, attention and focus away from the safe operation of a vehicle or that are not permissible by law should never be used during operation of the vehicle.

**Safety Features:** No system, no matter how advanced, can compensate for all driver error and/or driving conditions. Always drive responsibly.

**Tilt/Telescoping Steering Wheel:** Never attempt to adjust steering wheel position when vehicle is in motion.

**Front Seat Headrest Adjustment:** Never attempt to adjust headrests when vehicle is in motion.

**Navigation:** \*GPS maps and directions are for information purposes only, and Kia does not make any warranties about the accuracy of that information. Kia is not responsible for loss or delay resulting from the use of the navigation system. Caution: Do not enter information into the navigation system while the vehicle is moving. Failure to pay attention to travel conditions and vehicle operation while the vehicle is in motion could result in loss of vehicle control. Operate the system only when it is safe and legal to do so.

**Bluetooth® Wireless Technology:** A compatible Bluetooth® wireless technology-enabled cell phone is required to use Bluetooth® wireless technology. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Kia is under license. Other trademarks and trade names are those of their respective owners. A Bluetooth® enabled cell phone is required to use Bluetooth® wireless technology.

**SiriusXM®:** SiriusXM Satellite Radio, SiriusXM Traffic and SiriusXM Travel Link each require a subscription sold separately, or as a package, by SiriusXM Radio Inc. If you decide to continue your service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call 1-866-635-2349 to cancel. See SiriusXM Customer Agreement for complete terms at [www.siriusxm.com](http://www.siriusxm.com). Other fees and taxes will apply. All fees and programming are subject to change. Not all vehicles or devices are capable of receiving all services offered by SiriusXM. Data displays and individual product availability vary by vehicle hardware. Current information and features may not be available in all locations, or on all receivers. Weather Forecast, Current Conditions may not be available in all locations. Images above are for representative purposes only and are not real products. For actual features and images of real products, consult the vehicle manufacturer. SiriusXM is not responsible for any errors or inaccuracies in the data services or their use in the vehicle. Travel Link Stocks displays current price and daily delta of around 7,000 actively reported securities traded on the NYSE®, NASDAQ® and AMEX®. The service is delayed approximately 20 minutes. SiriusXM satellite service is available only to those at least 18 years of age in the 48 contiguous USA, DC, and Puerto Rico (with coverage limitations). SiriusXM Internet Radio service is available throughout our satellite service area and in AK and HI. © 2014 SiriusXM Radio Inc. Sirius, XM and all related marks and logos are trademarks of SiriusXM Radio Inc.

iPod® is a registered trademark of Apple Inc. iPod® mobile digital device sold separately.

\*Parking Minder feature operates with certain smartphone devices with activation of app and relies on the GPS within the user's phone. Normal cellular service rates apply.

While the information contained in this guide is accurate at the time of printing, Kia may change vehicle specifications without notice in advance or after the fact, and assumes no liability in connection with such changes.

See next page for Voice Recognition tips

Pair Your Phone via *Bluetooth*® Wireless Technology

- NOTE:** Vehicle MUST be in “P” or Park
- On your vehicle’s Audio System, press the **SETUP** key
  - In the following sequence, press **Phone**, *Bluetooth*® Connection and Add New
  - In the *Bluetooth*® menu of your phone, select **Search for Bluetooth® Devices**. Select the name of your vehicle (KIA MOTORS) displayed on your phone
  - Follow the instructions on your device to confirm the passkey displayed. Press **Ok** or **Pair** to complete pairing. The contact download may take a few minutes.
- NOTE:**
- Contact download will occur automatically at initial pairing.
  - Be sure to allow phonebook download and future autoconnection on your phone
  - Ensure that only the “phone contact list” is selected for contact download (not Twitter, Facebook, or e-mail contact lists)

For any questions regarding the features of your vehicle, please contact Kia Consumer Affairs at (800) 333-4542

⌚ QUICK TIPS

**Voice Recognition and Phone Contact Tips**

The Kia Voice Recognition System may have difficulty understanding some accents or uncommon names. When using Voice Recognition to place a call, speak in a moderate tone, with clear pronunciation. Voice Recognition performance can be improved by ensuring all windows and sunroof are closed, and that Climate Control System fan speed has been lowered to reduce noise in the cabin.

To maximize the use of Voice Recognition, consider these guidelines when storing contacts:

- Use full names vs. short or single syllable names (“John Smith” vs. “Dad”, “Smith Residence” vs. “Home”)
- Avoid using special characters or hyphens (@, &, #, /, -, \*, +, etc.)
- Avoid using acronyms (“In Case Emergency” vs. “ICE”)
- Spell words completely, no abbreviations (“Doctor Goodman” vs. “Dr. Goodman”)

NOTE: Always wait for the beep before speaking any commands.

Snap this tag with a QR code reader app on your smart phone to view a video.

Charging Status Information

**Checking the Charging Status**

The charging status can be checked by viewing the charging status indicator on the dash panel. The lights will progressively become lit as the vehicle approaches a full charge

**Reserved Charging** - Charging times can be set using the AVN System settings when in EV Mode

**Reserved Charging with the UVO EV Services App:**

The UVO EV Services App can help you find the nearest charging station, displays charging status information and the lists the Reserved Charging schedule. On your Smartphone, go to an app store or marketplace to download the UVO EV Services App

**REMINDER:** When Reserved Charging is set and the charger is plugged in, charging of the electric vehicle will not begin until the time and date set

**Deactivate reserved charging** - Depress the Deactivate Reserved Charging button **A** to disable the reserved charging feature when immediate charging is required

(Buttons located left of the steering column)

UVO EV Services

- NOTE:** To use UVO EV Services, you need to register your UVO EV Services account and verify your vehicle.
- NOTE:** UVO EV Services provides helpful features that allow you to control charging functions, find charging stations, schedule dealer appointments and more. Download the UVO EV Services app from the app store or marketplace.
- You can register your user account for UVO EV Services using your head unit.
- How to Register Your User Account and Verify Your Vehicle on Your Head Unit.**
- Select the **UVO** key and then select **EV Services Settings**
  - Select **Activate** and then select **New Registration**
  - Enter your email address, mobile phone number, and a password to register a new account.
  - Press the **Submit** button to create your user account for UVO EV Services and verify your vehicle.

Media Mode

- Media mode includes a variety of modes, such as CD, USB, iPod®, *Bluetooth*® Audio, Aux, and My Music
- NOTE:** Only MP3 and WMA files may be played or copied to My Music
- Insert your media (if not already inserted). Press the **MEDIA** key to display a list of media devices. Select the desired device by pressing its name on the display screen
  - To pause a track or song, press **Pause (II)** on the display. Press **Play (▶)** to resume playback
- Copying Songs to My Music**
- Media Mode allows you to copy songs from USB Devices, and store them in **My Music**
- While the song is playing, press **Menu** on the display, then press **Save to My Music**
  - Once copying is complete, you can listen to the copied music file in **My Music** by pressing the **MEDIA** key, then pressing **My Music** on the display
- Listening to your iPod®**
- Connect an iPod® device or, if an iPod® device is already connected, repeatedly press the **MEDIA** key, then press **iPod®** on the display
  - To pause a track or song, press **Pause (II)** on the display. Press **Play (▶)** to resume playback

- Manually Selecting iPod® Music**
- Turn the **FILE / TUNE** knob on the Audio System to scan through the music selections
  - When you find the desired file, press the **FILE / TUNE** knob to play the file
- Selecting iPod® Music from a List**
- Press **LIST** on the display screen, then select category
  - Select the song you wish to play from the list
- Listening to Music from your Bluetooth® Wireless Technology Device**
- If not already done, pair your *Bluetooth*® wireless technology device to the Audio System
  - Press the **MEDIA** key, then select *Bluetooth*® Audio by pressing it on the display screen
  - Press the **▼ Seek/Track ▲** key to scroll through music files
  - To pause a track or song streaming from your *Bluetooth*® wireless technology device, press **Pause (II)** on the display. Press **Play (▶)** to resume playback

Climate Control System

- Climate Control System functions differ between systems and vehicles. Presented below are descriptions of the most common control functions:
- |   |                                    |   |                                   |
|---|------------------------------------|---|-----------------------------------|
|  | Fan speed control button(s)*       |  | Air conditioning ON/OFF button    |
|  | Temperature control knob*          |  | Rear windshield defroster button* |
|  | Front windshield defroster button* |  | Mode selection button(s)*         |
|  | Automatic climate control button*  |  | Driver Only button                |
|  | Recirculated air button            |  | System OFF*                       |
|  | Climate information screen*        |  | Heat button                       |
|   |                                    |  | Reserved climate control button   |

**NOTE:** Climate Control System options and the appearance and location of icons on the system in your vehicle may differ, as equipped

⌚ QUICK TIPS

**Automatic and Manual Defrosting / Defogging**

**Defrost Outside Windshield:**

- Select **Defrost**  Mode
- Select **Max Fan Speed**
- Set **Temperature** to Hot

**Defog Inside Windshield:**

- Select **Defrost**  Mode
- Select **Max Fan Speed**
- Select a warm **Temperature** setting\*

\*If moisture appears on windshield, adjust **Temperature Control Knob** to a warmer temperature

⌚ QUICK TIPS

- Keep inside glass as clean as possible to reduce window fogging
- Defrost  Mode activates A/C and opens Fresh Air Vent
- When Automatic Climate Control is set to Auto Operation, the A/C indicator will NOT illuminate. The fan speed, air intake, air flow and air conditioning may automatically engage at any time to reach desired temperature and reduce humidity

- Driver Only Ventilation**
- Press **DRIVER ONLY** button to enable air flow through the driver’s side vents only.
- Reserved Climate Control**
- When Reserved Climate Control is set and the charging cable is connected, climate control begins operating 30 minutes before the set departure time.
- Press the Reserved Climate Control button to display the settings for appointed ventilation on the AVN.
- The Reserved Climate Control can also be set using the UVO EV Services App.

Pandora Radio Mode

- NOTE:** The Pandora App must be on your smartphone and the smartphone must be connected to the system via your phones USB cable before using Pandora
- Press the **INFO** key on your Audio System. Select the **Pandora** icon on the display screen to enter Pandora Radio mode.
  - Once the **Pandora** App is launched and music streaming begins, you can control the application features by using the following icon on the display screen:
    -  Press to move to the next song and minimize the number of playbacks of similar music.
    -  Send a “Thumb Up” signal to Pandora so that more similar music will play.
    -  Play/pause the current song
    -  Move to the next track
- Station** Move to the station list screen.
- Additional control features are available by pressing the following hard buttons:
- 

**SEEK TRACK**

Press briefly to play the next song.

**TUNE**

Rotate knob to search for a station. Press to play the desired station

Using Steering Wheel Control Buttons

These buttons on your steering wheel provide you with “hands free!” control over your mobile phone equipped with *Bluetooth*® wireless technology, Audio System, and Digital Navigation System.

**NOTE:** Remember to always wait for the beep before speaking any commands

**TALK Button**  
(press to place a call with minimal vocal command prompts from the system)

**RECEIVE CALL Button**  
(press to answer an incoming call)

**END CALL Button**

Using Your Navigation System®

- Retrieve Traffic Information:**
- Press the **INFO** key, select **SiriusXM Data** and then select **Traffic**
- NOTE:** At start up of the Navigation System, a message will display to caution you against driving your vehicle while distracted. The first time you use your Navigation system, you may be directed to select the desired language for information displayed in your system
- NOTE:** It may take the Navigation System a few minutes to retrieve information on traffic conditions
- ⌚ QUICK TIPS
- Your Kia Navigation System offers many features and functions. Be sure to read the Car Multimedia System User’s Manual that came with your Kia for complete details and user instructions.

- Set Destination:**
- Press the **NAVI** and then select **Destination**. Select the **Place or Address** search bar.
  - Enter a POI name or Address and press **Done**

\*If equipped

\*If equipped
