Key Features

Media

You can enjoy music, videos, and images from media types, including **USB devices** and other **external devices**. In the Home screen, press the desired media.

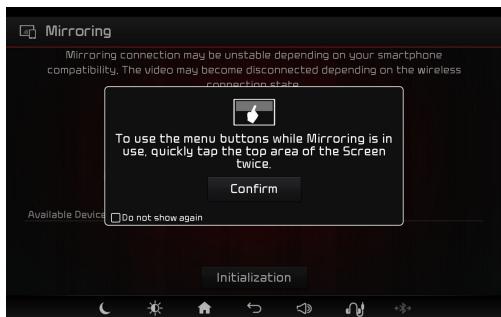

Connectivity

You can enjoy **News Reader**, **Podcast**, **Netflix**, **YouTube**, **Twitch**, **YouTube Kids** by connecting Wi-Fi connection.

In the Home screen, press the desired connectivity feature.

To use Mirroring, you must disconnect the Wi-Fi connection.

Settings

Use the Settings menu to configure various system settings, including languages, Bluetooth, network, power setting, and factory reset.

In the Settings screen, select and set the desired option.

Note

- If there is no sound of media, check the connection of a Bluetooth (automobile/speaker/headset) or sound output device.

Key Features

Remote Controller

Remote Controller App Screen

RSE Screen

Note

- To use rear seat entertainment, you must first install the RSE Remote App on your smartphone.
- For Android phones, search for RSE Remote at the Google Play store.
- For iPhones, search for RSE Remote at the App Store.
- For more information on using the RSE Remote App, please refer to the RSE Remote user guide.
- When WIFI is not connected News Reader, Podcast, Netflix, YouTube, Twitch, YouTube Kids mode cannot be changed with MODE button.
- When the USB is not connected, USB mode cannot be changed with MODE button.
- The remote controller can control only one monitor selected from left and right, and not at the same time.
