Android Auto

Quick Start Guide

Android Auto™ is designed to help you stay focused on the road. It equips your vehicle's radio with display and control functions for compatible Android™ phones when they're plugged into your Kia's USB port and the Android Auto app has been downloaded to the phone.

Android Auto provides access to a variety of compatible apps, available by visiting Google Play™ on your Android phone.

REQUIREMENTS

- Android phones with Android 5.0 Lollipop or higher.

- It is recommended to always update your phone to the latest OS release

- Use the USB cable provided with your phone

For any questions regarding the features of your vehicle, please contact your preferred Kia deaer or contact Kia Consumer Affairs at (800) 333-4KIA (4542)

1. From your compatible device, download the **ANDROID AUTO** app from Google Play.
2. Launch the **ANDROID AUTO** app on the phone and follow the on-screen instructions to complete the setup.
3. Press the (SETUP) hard key.

4. Tap the **PHONE PROJECTION** button to select Android Auto and ensure **ENABLE ANDROID AUTO** is selected. Accept all terms, conditions and requests on the head unit and phone in order to use Android Auto.

5. Connect the device to your vehicle's USB port with the cable that was provided with your phone.

6. From the home screen, tap the **ANDROID AUTO** button.
Android Auto uses graphical cards on your vehicle's home screen to keep you up to date with functions that are taking place through your phone, such as: messages, phone calls, navigation, music and more.

1. Tap the **MICROPHONE** button in the upper right corner of the Android Auto home screen, or use the steering wheel controls to access Google Voice™. Use voice recognition to: send or reply to texts, make phone calls, navigate to a destination, and play music.
2. (ANSWER) and (END CALL) buttons are available on the steering wheel controls for use with incoming phone calls.

3. **Google Now**™ offers information about current weather, appointments, travel routes, app status, and call history.
4. Buttons along the bottom of the screen provide easy access to many features.

Access the features of **Google Maps**™ and have voice guided navigation to your destination.

1. Tap the **MICROPHONE** button on the vehicle's Android Auto screen, or use the steering wheel controls to begin **Google Voice**.
2. Say **"Navigate to [address]"** to begin navigation

3. Or, start navigation directions with **Google Maps** from your Android device.

4. On the vehicle's Android Auto home screen, press the **MAP** button at the bottom left corner to view navigation.

QUICK TIPS **Android Auto unavailable on the console**

✔ Make sure your phone is connected to the vehicle's USB port.
✔ Ensure that **Car Mode Enabled** is activated. Confirm Android Auto App is downloaded and launched on phone.

Car mode enabled
Touch to exit car mode.

Android Auto   11:39 AM
Connected to your car
Make calls, return calls, and listen to voicemail.

1. Tap the **MICROPHONE** button on the vehicle's Android Auto screen, or use the steering wheel controls to begin **Google Voice**.

2. Say **"Call [Name or number]"** to dial.

3. Or, tap the **PHONE** button on the Android Auto home screen.
4. Use the **MENU** button at the top left for a dial by name directory, voicemail access, call history, or to view missed calls.
QUICK TIP

✓ Pressing the call button on the steering wheel for two seconds will call the last person contacted.

QUICK TIPS **Unable to Make Phone Calls**

✔ If this message is shown, your phone needs to be paired with your vehicle through Bluetooth®. If five phones have been paired to the vehicle in the past, it is necessary to delete a paired phone in order to pair your phone.
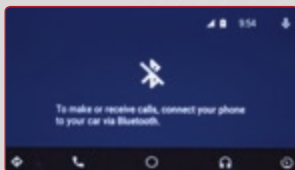

1. Press the (PHONE) button on the steering wheel.

2. Select **YES** on the head unit screen.

3. Once you are on the Bluetooth connection menu, you may delete one or more devices.

Listen to music from your **Google Play Music™** app and other compatible third-party services.
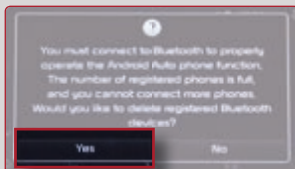

1. On the Android Auto home screen, tap the **HEADPHONES** button once to open the last playing music app.
   Press a second time to display the list of all supported music apps.
2. Select the desired music app.
3. Once an app is selected, song information will be displayed on the screen.

QUICK TIP	**Voice Recognition with Music Apps**

✓ Android Auto may not support voice recognition for some third party music apps.

HOW TO LISTEN TO MUSIC

QUICK TIPS	**When Audio Cannot Be Heard Through Third Party Apps**

1. Tap the music station's name.

2. Select a category option.

3. Select a station or song. This resets the music stream.

DISCLAIMERS

Driving while distracted is dangerous and should be avoided. Drivers should remain attentive to driving and always exercise caution when using the steering-wheel-mounted controls while driving.

Driving while distracted can result in a loss of vehicle control that may lead to an accident, severe personal injury and death. The driver's primary responsibility is in the safe and legal operation of a vehicle, and use of any handheld devices, other equipment or vehicle systems which take the driver's eyes, attention and focus away from the safe operation of a vehicle or that are not permissible by law should never be used during operation of the vehicle.

• Apps use your smartphone data service; normal cellular service rates will apply.
• Android Auto features may operate differently than on your phone.
• Compatibility with third party apps is not guaranteed.
• Message and data rates may apply when using Android Auto.
• Android Auto relies on the performance of your phone. If you experience performance issues: close all apps, restart your phone, and disconnect and reconnect your phone.
• Use of the USB cable that was provided with your phone is recommended.
• When Android Auto is active, your in-vehicle voice recognition system will be disabled and all requests will be initiated using Google Voice actions.

NOTES

Apple
CarPlay

Quick Start Guide

Apple CarPlay™ is a smarter way to use your iPhone® in the car.

It enables your vehicle's radio to be a display and controller for compatible iPhones when they're plugged into your Kia's USB port.

Apple CarPlay* provides access to a variety of compatible Apple apps and a number of popular third-party apps.

REQUIREMENTS

- iPhone 5 or later and it is recommended to always update your iPhone to the latest iOS release
- Apple Lightning® cable provided with your phone or an Apple Certified Lightning cable
* If equipped.

For any questions regarding the features of your vehicle, please contact your preferred Kia deaer or contact Kia Consumer Affairs at (800) 333-4KIA (4542)

1. On the head unit, press the (SETUP) key
2. Press the **PHONE PROJECTION** button and select Apple CarPlay

3. Ensure **ENABLE APPLE CARPLAY** is selected [Accept all terms, conditions and requests on the head unit and phone in order to use Apple CarPlay]
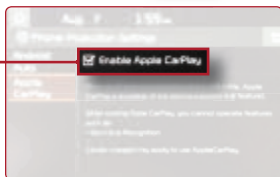

4. Connect the Apple CarPlay compatible iPhone with the vehicle's USB port using the manufacture's cable provided with your iPhone

5. From the vehicle's home screen, select the Apple CarPlay button, where you'll see all the Apple CarPlay supported apps

Apple CarPlay is controlled using your vehicle's knobs, buttons, touchscreen and steering controls, and also features Siri® voice control. Control for your Apple CarPlay apps is very similar to your iPhone.

1. Tap **Apple CarPlay** on the head unit screen to enter CarPlay mode.

2. Tap buttons on the head unit screen to launch apps. Tap **KIA** button to go back to the home screen.

3. Or, use the VOICE COMMAND button on your steering wheel to access Siri; Sample commands are: **"Take me to the nearest gas station", "Call Rich",** or **"Read my new message."**

QUICK TIP

✓ Apple CarPlay may not support voice recognition for some third party music apps.

1. Tap the **Maps** button on the Apple CarPlay screen.
2. Enter an address, find a contact, or search for a nearby point of interest by touching the **Destinations** button on the screen.

3. Or, use the (VOICE COMMAND) button on your steering wheel to access **Siri** and use voice commands to initiate your trip.

Make calls, return calls, and listen to voicemail.

1. Tap the **Phone** button on Apple CarPlay screen. Siri will ask who do you want to call. You can choose to respond or cancel Siri request and tap **Contacts**.

2. Easily access your favorites, recents, contacts and more.

3. Swipe the screen to scroll up and down; tap the contact or number to initiate the call.
4. Or, use your steering wheel controls and voice commands to access Siri to help initiate your call. You may also use steering wheel controls to answer and end an incoming call.

QUICK TIP

✓ Dial keypad is locked out when the vehicle is out of park. However, voice command button and Siri can be used to dial a number.

6
Access all of your content from iTunes® and compatible music apps.

1. Tap **Music**, **Podcasts** or **Audiobooks** from the Apple CarPlay home screen.
2. Content categories are shown across the top of the screen.
3. Swipe up and down to scroll through content; tap to play your selection.

4. Or, use the steering wheel controls and voice commands to tell Siri what you'd like to hear from your iTunes Music library.

Send and receive messages, and receive new message notifications.

1. Tap the **Messages** button on the Apple CarPlay home screen. Siri will ask who do you want to text. You can choose to respond or cancel Siri request and tap **Messages**.
2. Access recent and new messages, listed by contact.
3. Use the steering wheel controls and voice commands to have Siri read new messages, or send new messages to a contact.

| QUICK TIP	**App Icon Placement**

✓ With the iPhone connected and Apple CarPlay in use, open the **Settings** app within the iPhone, select **General → CarPlay → Kia Motors**. Next, touch and hold any icon on the home screen and drag it to the desired location.

If CarPlay doesn't work like you expect, here are a few things you can check.

Try the following:
• Disconnect cable and reconnect
• Restart the iPhone
• Try a different Apple certified Lightning cable
• Update to the latest iOS

Issues that may occur when using CarPlay:
• Temporary black/blank screen (Change modes/disconnect/reconnect)
• Interruptions in functionality (Siri, Maps, etc.) due to data signal strength (Move to an area with better signal)
• CarPlay does not launch and other concerns (Confirm iPhone is updated to the latest iOS, and verify cable is Apple certified)

NOTE: Use of CarPlay is dependent on the iPhone and CarPlay.

DISCLAIMERS

Driving while distracted is dangerous and should be avoided. Drivers should remain attentive to driving and always exercise caution when using the steering-wheel-mounted controls while driving.

Driving while distracted can result in a loss of vehicle control that may lead to an accident, severe personal injury and death. The driver's primary responsibility is in the safe and legal operation of a vehicle, and use of any handheld devices, other equipment or vehicle systems which take the driver's eyes, attention and focus away from the safe operation of a vehicle or that are not permissible by law should never be used during operation of the vehicle.

Only use Apple CarPlay when conditions allow you to do so safely. Some laws prohibit the operation of electronic devices while operating a vehicle. Launch applications and perform other operations on electronic devices only when the vehicle is safely parked. Certain functionalities may be locked while vehicle is operational. Depending on use, Apple CarPlay can share certain user and vehicle information (e.g., vehicle location, speed and other operating conditions) with the connected iPhone. See Apple's privacy policy or contact Apple Inc. at www.apple.com for details regarding Apple's use and handling of data uploaded by Apple CarPlay. Use of Apple CarPlay is at user's own risk, and is subject to agreement to the Apple CarPlay terms of use, which are included as part of the Apple iOS terms of use. Apple CarPlay vehicle integration is provided "as is," and Kia cannot guarantee Apple CarPlay operability or functionality now or in the future due to, among other conditions, changes in Apple CarPlay software/Apple iOS, service interruptions, or incompatibility or obsolesce of vehicle-integrated hardware or software.

Apple CarPlay™ is a trademark of Apple Inc.

iPhone®, Lightning®, Siri®, and iPod® are registered trademarks of Apple Inc.

iOS is a trademark or registered trademark of Cisco in the U.S. and other countries and is used under license. Please refer to www.apple.com for the full list of compatible apps.
